Meet our New Coaches

ATTACKBBALL welcomes the following new coaches to the ATTACK family. All of our coaches have been carefully selected based on a variety of criteria to provide a range of expertise in coaching youth basketball programs. In addition to background checks all of our coaches have been through training with Coach Charlie and are CPR / First Aid certified. While Coach Charlie will continue to be actively involved in practices and games these new coaches will assist in broadening the levels and frequency of training and personal attention for which we are recognized.

D.J. Byrd - A Plano, Tx. Resident and graduate of Texas Tech with a degree in Exercise and Sports Science DJ also has a wide variety of experience in the scholastic tournament systems.

Stephanie DeBoer—Comes comes to us with a Bachelor's Degree in Sports Management from the University of Minnesota and a passion for basketball. She has worked with the Minnesota Timberwolves,

Meet our New Coaches (continued from page 1)

University of Minnesota Gophers, Tampa Bay Rays and Texas Legends.

Nikhil Jeevaraj—Has two great desires to solve great math problems and to coach basketball. He has played varsity basketball in High School and is currently continuing his college education with the goal of teaching. Perhaps on the court you'll see him computing the perfect angle for a long shot at the hoop.

Michael Peters—Moved to Texas from Nashville, TN. where he coached in several basketball programs including at the Middle School and High School levels as well as his involvement in a variety of community programs. He and his wife are new to Texas but Mike promises to be a great addition to our team.

Coach Charlie's Corner

One of the best ways to be involved in your school is through sports programs. It is a great way to stay healthy, learn positive sports attitudes and valuable life lessons. We encourage our players to be involved in their school programs and we work with them to improve their chances of making the team. Good coaches know that attitudes and principles are as important in putting together a winning team as skills, abilities and natural talents. A highly-talented player with a bad attitude can stifle a teams success just as much as a bunch of individual stars who do not understand teamwork. Working together for the benefit of the whole team even when the individual may have to make some personal sacrifices is a valuable life lesson that can best be learned in a competitive team environment. In addition to being fun, school teams including intramural sports programs are a great way to build friendships, challenge yourself to improve and grow in a variety of ways. We take pride in our players who make school teams and work hard to help ensure their success! Good luck to everyone who plans to go out for any team this year. Let us help improve your chances!

LAUGHTER IS GREAT MEDICINE: A Coach called one of his 8 year old players off the court and asked him, "Son, you know its not good sportsmanship to yell out that the Referee is as blind as bat don't you?" "Yes sir," said the boy. And you know its impolite to call the Coach a Jackass when you get pulled off the court, right? "Yes Sir," replied the boy. Good, then would you please go explain that to your Mother.
